

**KNOW BEFORE YOU GO!**

# WHERE CAN YOU FLY YOUR DRONE?

250 g - 25 kg

REGISTER YOUR DRONE AND GET YOUR BASIC OR ADVANCED DRONE PILOT CERTIFICATE AT:  
[Canada.ca/drone-safety](https://Canada.ca/drone-safety)

Use this map to find a safe site to fly your drone:  
<https://nrc.canada.ca/en/drone-tool/>

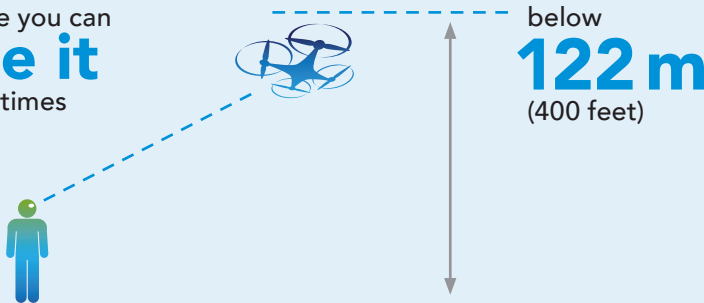

Always respect the privacy of others while flying.

## FLY YOUR DRONE:

where you can **see it** at all times

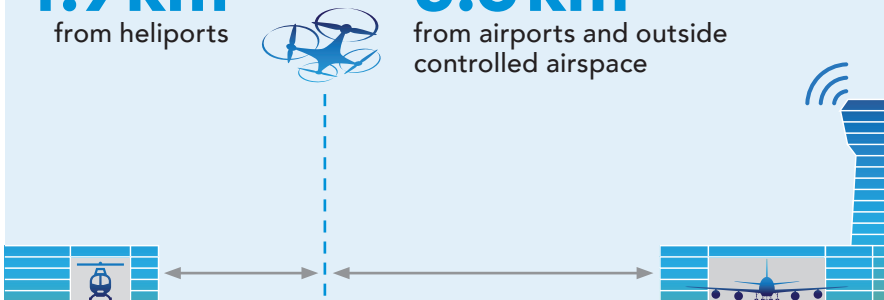

## BASIC OPERATIONS

Fly **30 m** horizontally from bystanders

**1.9 km** from heliports

**5.6 km** from airports and outside controlled airspace

## ADVANCED OPERATIONS

► For eligible drones:

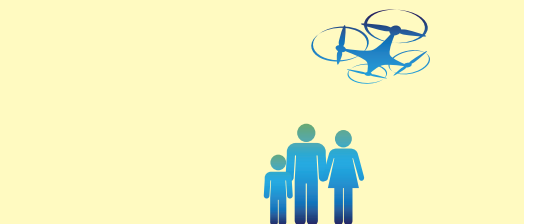

Get permission from NAV CANADA to fly in controlled airspace:  
[navcanada.ca/rpas](https://navcanada.ca/rpas)

away from **emergency sites** and **advertised events** (concerts, parades)

Fly near or over bystanders
